

This Dentist Is Absolutely Killing It Online **And Paying NOTHING for Their Traffic**

Hi, I'm John and before helping Dentists with their internet marketing I was a computer support tech for about 7 years.

As you probably know the money is not the greatest in the computer tech business especially when you have a family to support and bills to pay...

Today I own MobileWebMDs and we just opened an office that is fully dedicated to helping dentists increase their revenue through internet marketing.

Recently I was researching a dentist for my own needs and realized that there were quite a few dentists using Google Adwords paying **\$12 to \$15 dollars PER CLICK** to their website. Think about that for a second. Just 100 visits to their site is costing them up to \$1500.

That's CRAZY! Especially since I can get right up with them in a matter of weeks and get all those clicks for free.

A good example of this is the work I did for Bloom Orthodontics. When they first started working with us they were way down in the search results and getting no business from it what-so-ever. Their website was pretty much just sitting in cyber space collecting cyber dust even though it was well designed.

Bloom Orthodontics spent quite a bit of money on the site and it was bringing them in no revenue. That's a problem...and a pretty big one.

Now Bloom Orthodontics is the busiest dentist in his city and his revenue is going through the roof!

Long story short, they hired me and 2 months later here's what happened...

Now I'm Ready To Take YOU To The Top As Well!

Front Page Or Nothing – That's My Guarantee!

Now I know there are hundreds of other “businesses” out there but as I've tried to show you – **I Deliver!**

See, while others out there are focused on traffic and only traffic, my business is focused on Revenue!

Sure, bringing you traffic is important and it's something that I can easily do inside of a few weeks.

But what's the point if none of the visitors buy from you...
So my promise to you is simple...

We bring you to the first page of Google, bring you more customers, AND dramatically increase your revenue or you pay nothing – Ever!

I can only offer my services to one Dentist per city (it's an integrity thing for me...I can't help you get to number 1 while also helping your competition).

No contracts, no empty promises – Either I deliver or you pay nothing!

Now here's the thing...I WILL be helping one Dentist in your city. It could be you, it could be your competition, and that's up to you!

Either way, someone is getting my services and the one that does will OWN the marketplace!

If you want that to be you, give me a call and let's talk!

My direct number is (818) 428-1411. I look forward to helping you grow your business!

John
